No: D3-C.583 of 43. Dated, Mysore, the 21st December '43.

GEN & REV SECRT 3949 41 21 DEC 1943 L S G BRANCH

From

Deputy Commissioner,
Mysore District, Mysore

To

C. NARAYANASWAMI NAIDU, Esq., B.A., B.L.,
Secretary to Government of Mysore,
Law Department, Bangalore.

Sir,

Town Improvement Grants for 1943-44.

With reference to your letter No. L.3214-22 dated the 11th September 1943 on the above subject, I have the honour to state as follows:

Nanjangud Town Municipality.- It has been intimated in this office letter No.D3-C.3404/41-42 dated the 6th October 1943 that the Town Municipal Council of Nanjangud are desirous of taking up the remaining portion of the Drainage Scheme with the help of Government in one stage after getting the details from the Sanitary Engineer, Bureau of Sahitary Engineering, Bangalore and he has been requested to send the necessary plans and estimates for the entire drainage work. Work to the extent of Rs.12,000/- is proposed to be taken up during the current year. A sum of Rs.6,000/- may be given as Government grant for this purpose.

The Council are pressing for the formation of a conservancy lane between Kanajada Street and Aramane Street. The locality at present is highly congested and very insanitary. The above proposal is calculated to improve the health and sanitation of this area which is very near the Palace Buildings in Nanjangud. The cost of acquisition of the properties and the cost of formation of the lane is estimated at Rs.1,574/-. The Council plead their inability to meet this cost in its present state of finances. The entire cost may therefore be given as Government grant.

Besides these, the Municipal Council have been urging for the grant of Rs.10,000/- for the following works:

Name of work.	Estimated Cost.	Amount of Govt. grant applied for.
1. Construction of Vegetable Market.	Rs.5000/-	Rs.2500/-
2. Opening of Conservancy lanes, etc.,	Rs.6000/-	Rs.3000/-
3. Construction of Bus Stand.	Rs.4500/-	Rs.4500/-
Total.	Rs.15500/-	Rs.10000/-

Chamarajanagar Town Municipality.-

Government in their Order No. L.5066-67/Ml.111-39-24 dated the 6th January 1941 accorded sanction for the Chamarajanagar Town, a Drainage Scheme at an estimated cost of Rs.1,02,180/-. Six stages of the scheme have been worked out at a cost of Rs.72,420/-.

Government in their Order No. L.6633-6/Ml.82-42-10 dated the 6th January 1943 have sanctioned a Government grant of Rs.10,000/- for the year 1942-43 towards their share of cost of the Sixth stage of the Drainage Scheme costing Rs.20,000/-. The Council propose to complete the remaining portion estimated to cost Rs.29,760/- in three more stages at a cost of Rs.10,000/- each, the first stage to be taken up during the current year and the further two stages to be taken up during the succeeding years. A moiety of Rs.5000/- has been provided for in the current year's Budget and the Municipality is prepared to spend the amount.

In the circumstances, a grant of Rs.5000/- may be given to the Municipality for this work out of the Town Improvement Grants.

Hunsur Town Municipality.-

The Municipal Council have applied for grants for the following works -

1. Replacing the country-tiled roof of the Municipal Office by Mangalore-tiled roof. The original estimate for the whole work was Rs.1800/--. Government sanctioned a grant of Rs.900/- last year. But now the estimate is modified for a sum of Rs.2500/-. The Council, therefore, request for a supplemental grant of half the excess cost, i.e., half of Rs.700/- or Rs.350/-. I request that the grant may kindly be sanctioned.

2. Replacing the country-tiled roof of the Female Dispensary by the Mangalore-tiled roof. The original estimate for this work also was Rs.1800/- and Government sanctioned a grant of Rs.900/- for the work last year. The cost of this work is as per modified estimate Rs.1890/-. The Council request for the supplemental grant of R.45/- being half the excess cost of Rs.90/- and this grant may also be kindly sanctioned.

3. A further sum of Rs.5000/- may kindly be given as Government grant for Town Improvement works in this Municipality.

The following Minor Municipalites have applied for grants as noted below:

Besides these, there are other minor Municipalities which are in urgent need of improvements. The lumpsum grant that is ~~bis~~ being made by Government for the purpose every year is too inadequate. This allotment may kindly be raised to at least Rs.5000/-.

Water Supply Grants.-

All fresh schemes of water supply will have to lie over for the present on account of the non-availability of the required machinery and materials in the Market Chamarajanagar water Supply scheme has therefore been ordered to ~~be~~ lie over for the present. Leaving this out of consideration, grants may kindly be sanctioned towards the items noted below.

Providing good drinking water in several small Municipalities is a problem requiring urgent attention. A lumpsum

grant of Rs.10,000/- may kindly be ~~ord~~ sanctioned to this District this year for suitable distribution among the other smaller Municipalities.

I have the honour to be,
Sir,
Your most obedient servant,
